

## Installation

### Standalone

Pc:

Install using the DR01D installer.exe file.

Mac:

Simply launch the DR01D app.

### Max 4 Live

Copy the DR01D.amxd into your Ableton Live Library (Ableton\User Library\Presets\Instruments\Max Instrument).  
In Live, browse to the file, and drag onto a MIDI track.

### Reaktor

Copy the Reaktor ensemble inside your reaktor library.  
In reaktor, browse to the file, then drag in the main window or double-click the ensemble.

## Trigger Shortcuts

In standalone, use numkey 1,2,3 and 4 to trigger the modules and activate random mode.

In Max 4 Live and Reaktor, Use keyboard notes C4, D4, E4 and F4 to trigger the modules and activate random mode.

## Random Mode

When random mode is activated, the module will be triggered randomly. You can adjust the probability proportion by adjusting the probability sliders.
